

Technopreneurs Meeting on December 18, 2003

"Backdoor Listings: How to Acquire and Make Use of Hong Kong Main-board Listed Companies"

presented by

Mr. Wong Sin Just

Vice Chairman & CEO, Softbank Investment International (Strategic) Ltd.

The first Technopreneurs Meeting held on November 21 was a great success! Monte Jade members and friends came to support the event and share their views on the listing process of a technology company with other participants.

With great pleasure, Monte Jade Hong Kong is proud to present our second Technopreneurs Meeting on December 18, 2003. We are pleased and honored to have a noted expert on backdoor listing, Mr. Wong Sin Just (Vice Chairman & CEO, Softbank Investment International (Strategic) Limited) talk about the pros and cons of backdoor listings, the post-listing governance and management issues, and the factors influencing the survivability of the company in the long run.

Technopreneurs Meeting is a cocktail reception to encourage local and regional technology-focused entrepreneurs, CEOs, executives, investors, regulators, opinion leaders, students, researchers and professionals and international corporations to network and share valuable experiences and ideas in investment, management, technology adoption and business development. Each gathering features a prominent guest speaker to lead a lively discussion on the future of the dynamic science and technology sector.
