

# Technopreneurs Meeting on November 21, 2003

## "The Road to Public Listing in Hong Kong"

presented by

Mr. Lawrence Fok

**Deputy COO of Hong Kong Exchanges and Clearing Ltd**

With the mission to provide a productive and ongoing discussion platform in the region, Monte Jade Science and Technology Association of Hong Kong is proud to present the first **Technopreneurs Meeting**. This is an event specifically designed for technology-focused entrepreneurs, CEOs, executives, investors, regulators, opinion leaders, students, researchers and professionals from Hong Kong and the region to network, exchange information, and discuss business issues that have significant impact on the future of the dynamic science and technology sector.

Now with many key indicators suggesting that the global economy is in the recovery, companies are ready to raise funds in the public market again with clear business strategies and profitable operations. We are pleased and honored to have **Mr. Lawrence Fok, Deputy Chief Operating Officer of Hong Kong Exchanges and Clearing Limited** to talk about the key steps and regulations of going public in Hong Kong, as well as the potential pitfalls technopreneurs might be facing during and after the listing process. It promises to be an informative executive briefing for ambitious technopreneurs and their investors and associates.

**Topic:** "The Road to Public Listing in Hong Kong"

**Speaker:** Mr. Lawrence Fok

Deputy COO of Hong Kong Exchanges and Clearing Ltd
